Summary: Exactly one year ago, Lucy Heartfilia disappeared from the face of the world. Her guild has been searching for her ever since, looking for any clues or sightings. But when a mysterious cloaked figure walks into the guild and claims she's in the guild, disasters are bound to occur. Who is she? And why does she look like Lucy?

1. Prologue

Prologue

Third Person POV

The mysterious cloaked figure walked the familiar streets of Magnolia. Bypassers would sneak a quick glance to faintly make out strands of long blonde hair then walk away quickly.

The dark figure stopped in front of a guild hall, Fairy Tail's to be exact, and pulled open the doors.

Natsu POV

I sighed gloomily and slouched against the wall. Nothing was ever the same after _she _disappeared exactly a year ago. Mira wiped the glass cups slowly, lifted her head, and expected to see someone there every once in awhile. Of course, there wasn't anyone standing there. Erza would chew her strawberry cake with a frown on her face, pick a job, and leave to do it. The guild rarely got into fights or destroy any towns. Of course, I never stopped searching.

Suddenly, the guild doors opened and I turned my head to see a cloaked figure. "Who are you," Gajeel asked from one of the tables.

"I have your guild mark." She raised her right hand to reveal a pink Fairy Tail guild mark and her hood slipped off.

"L-Luce?" She had blonde hair with streaks of black but her warm chocolate eyes were the same. I was about to hug her but a bubble appeared and it pushed me to the ground.

"Please don't touch me Natsu. I'm dangerous." Lucy looked down sadly.

"But you're my best friend! You're not dangerous!" I brushed off the dust and stood up.

"Ash face listen to Lucy first." Gray put his hand on my shoulder.

"Fine. Lucy why does your hair have black in it?" I looked outside to see the trees and plants were wilted. "Why does everything look dead outside?"

She quickly sat down, trying to avoid any contact with anyone.
"What's wrong bunny-girl? Where were you all this time?"

Lucy twiddled her fingers, "You see, umâ€| I was kidnapped by Zerefâ€|"

"WAIT WHAT?!" Mira freaked out.

"I'm gonna kill him," I said and cracked my knuckles. "Let her finish." Master came down the stairs. "We must gain any information we can get."

"Well exactly a year agoâ€|"

Lucy POV

-Flashback-

_ "Hmâ€| I was out for a job in a town called Cloverville. I was currently asking the townspeople anything they knew about the wizard they reported who used dark magic of some kind._

_ "Excuse me miss?" I tapped a lady's shoulder and she turned around._

_ "Yes. How may I help you?" The lady smiled kindly._

_ "I would like to know anything you know about the mage with dark magic. I'm the mage who's taken the job to capture him." I continued to have a chat with her for a few minutes._

_ "Well I've heard you can find him in the mountains. I hope I helped." _

_ "Thank you." _

_ I walked around the mountains when I found a small cave, which I decided was worth checking out. As I started exploring, I saw a man in a black robe with black hair. _

_ "Ahâ€| It's the celestial mage." He spoke slowly. Before I could escape, it was too late. Zeref chanted a spell that knocked me

out._

I opened my eyes and felt my head throbbing. I could barely see anything in the darkness. "Where am I?" I groaned when I tried to get up. Something was holding me down, chains.

_ "I'm going to use you as baitâ€œ! To lure my brother here to kill me. Then he will fulfill his destiny E.N.D. and destroy everyone and everything. Standing there, will be you. You at his side, his queen. I've always watched how he looks at you. How he acts around you." Zeref walked out of the darkness, close enough so I could see him._

-End-

"He did what?!" Natsu lit his body on fire and started burning the floor. "That's not manly," Elfman said.

"Calm down." Gray smacked his head. "You wanna go ice princess?"

"Listen you brats," Master yelled angrily, "Continue Lucy." I nodded.

"Anyways, he somehow transferred part of himself into meâ€œ! I can use his magic, I'm cursed, and my hair's turning black. He isn't hearing this luckily but he knows I escaped. Zeref will come for meâ€œ! Because I'm his sister."

2. Chapter 1

Prologue

Lucy POV

"What do you mean? I'm his brother and he doesn't have a sister." Everyone looked at me confused.

"You're not related to him by blood. My mom is his mom. He has another father. His name is Acnologia." Levy gasped.

"Anyone wondering why Zeref mentioned Lucy to be Natsu's queen," Mira asked with a glint in her eyes.

"Because they're meant for each other. It's obvious. He's just dense." Gray answered with a smirk.

"Moving on, no one touch me. Although Zeref has learned something to stop his curse somehow, I do not know how to." I coughed and realized blood came out.

"Oh god Luceâ€œ!" Natsu tried to get close but I shook my head. He still continued to get close. "Natsu don't!" Gajeel tried to grab him but failed. Natsu touched me and fell to the ground.

My eyes widened and I backed away then tripped on the floor board. I quickly ran out of the guild with tears coming out of my eyes.

"I-I hurt him." I told myself I ran into the woods.

Gray POV

"Lucy!" I wanted to run after her but we had to take care of Natsu first. Wendy ran over to him and checked his pulse. "He's still breathing," she motioned to me, "Take him into the infirmary."

I carried Natsu into the infirmary and set him down on one of the beds. Wendy hovered over him and started chanting some healing spells. Wendy spoke softly, "Natsu-kun's alright. He should wake up. When he touched Lucy-chan, the magic didn't kill him. Just made him unconscious." We all breathed out a sigh of relief.

Out of nowhere, Natsu sat up quickly. "Where's Luce? Why am I in here?" Wendy looked at me worriedly.

"She ran out of the guild after you fell unconscious. I think she thinks she killed you." I patted his back.

"Luceâ€œ! It's all my fault." Natsu looked sad. Not his usual cheerful self.

"It isn't. Now go find her buddy and tell her how much you care." Natsu nodded and raced off.

"Natsu-kun wait! You have to recover!" Wendy shouted.

"Anything for Luce!" Natsu sent us his signature smile and disappeared from sight.

Lucy POV

I leaned against a tree and slid to the ground. "I killed Natsuâ€œ! It's all my faultâ€œ!" I sniffed and adjusted my head onto my knees, using my arms for support.

I flinched when someone grabbed my shoulder. "If you would have stayed with me, this wouldn't have happened Lucy. The plan would've worked out." I stared at his eyes and they were warm and inviting, unlike his regular look.

"I won't let you hurt anyone else." I argued with rage. How could he just let millions of innocent people die?

"I could've helped you control your new magic. Even the curse." I had to say his offer was tempting. I didn't want to be alone forever. I missed the warmth of Natsu.

"No thank you Zeref," I declined politely. "You'll take my offer or I'll kill everyone in your guild."

"N-No please," I begged. "Then join me." I reluctantly took his hand.

><p>I looked around the small cottage I was now supposed to call home. "Do you like it Lucy-san?" Zeref walked into my view.<p>

"It's pretty. Now explain what I owe you." I went straight to the

point and sat down in one of the comfy chairs.

"You will let me turn you into a demon," he explained and I couldn't believe it. "I can't!"

"Remember, you're friends' life is at stake here."

"Alright." Zeref chanted something quietly. So quiet that I couldn't make it out.

Pain shot through my body and I screamed. My teeth grew sharper, horns came sprouting out of my head, and red wings opened from behind me.

"What have you done to me?" I looked at my hands. My eyesight seemed to be tricking me. My hands would appear normal then scaly.

"Relax. You have you're human form still. This is good. Now you're more powerful." Zeref smiled softly.

Natsu POV

I took in a whiff of Lucy's scent and followed it into the woods. It was slowly fading the more I walked around.

"Where are you Luce," I asked myself.

My ears rung as it heard the familiar scream of Lucy. My head whipped around, trying to find the source of the noise.

"Lucy please be okay. Just wait. I'll get help."

I ran all the way back to the guild and panted when I arrived. "Oi salamander. Where's bunny-girl?" Gajeel walked up to me.

"Iâ€¢!" Levy flicked me. "Talk Natsu."

"I couldn't find her. Her scent just disappeared." Erza became alarmed.

"Any other scent?" She dropped her cake on the floor and came in real close. To close for comfort.

I remembered. "Yeah there was this other smell. I can't make out what it was though. Also, I heard Lucy scream but I couldn't tell from where."

"I'm worried for Lucy," Mira added to our conversation while cleaning the cups. "What if Zeref took her?" Lisanna's eyes were filled with worry too.

"Only one way to find out. Send a search party. Alert the council." Erza ordered everyone and we all complied.
